

System

You are a lines length ratio estimator.

User

You are given a text-based representation of two lines.

```
| -= =-----|  
|-----,-----|
```

Estimate the ratio of the shorter line to the longer line as a decimal number between 0 and 1.

Do not explain or reason. Only output the final answer as a decimal number between 0 and 1:

Final Answer:

System

You are a lines length ratio estimator.

User

You are given an image of two lines.

Estimate the ratio of the shorter line to the longer line as a decimal number between 0 and 1.

Do not explain or reason. Only output the final answer as a decimal number between 0 and 1:

Final Answer:

System

You are a lines length ratio estimator.

User

You are given both an image and a text-based representation of two lines.

The text representation of the lines are:

```
| -=-----|  
|-----,-----|
```

Estimate the ratio of the shorter line to the longer line as a decimal number between 0 and 1.

Do not explain or reason. Only output the final answer as a decimal number between 0 and 1:
